

## What it takes to run one of the top robotics program in North Carolina:

### Time

- 3,360 volunteer hours by coaches/mentors.
- 1,000 community service hours by our youth (library/refereeing tournaments/camps/outreach events).

### Money

- \$3,000 annually just to register teams.
- \$3,200 annually just to purchase the season's game fields and base kits.
- \$50,000 annual budget that covers the building expenses and supplies, robot parts, power tools and materials, registration expenses, and technology expenses.

## How can you help?

- Become a Booster Club Member \$50 annual family membership.
- Consider becoming a Bronze/Silver/Gold/Platinum Sponsor.
- Does your employer have a corporate matching donation program?
- Go to our website at [SwiftRobotics.net/booster](http://SwiftRobotics.net/booster) for info on current fundraisers or consider purchasing something off our Amazon Wish list.
- Consider volunteering to coach a Swift Robotics team or help the Booster Club apply for grants.
